Please note that while our office is staffed Monday through Friday from 8:00am to 5:00pm, individual officers may not be available to take your phone calls at headquarters during those times, whether due to scheduling, or their response to calls in the field. However, you may leave a message for any officer on their voicemail. Afterhours to reach an Officer's voicemail please dial 570-424-7024 and enter the extension#.

To speak to any officer 24/7 please call the Monroe County Control Centers non-emergency number at 570-992-9911.

Also note that although our email system is available 24 hours a day, individual officers may not retrieve their email until sometime later, either due to scheduling, or their being out of the office.

As always, if you have an emergency, please dial **9-1-1** for an immediate response.
